Valley View Medical Center is proud to be a part of Bullhead, Laughlin and Needles counties and the surrounding area. As a leader in our community, we strive to provide the highest quality care possible—both inside and outside our hospital walls—and are committed to our region’s overall well-being. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are creating a legacy of care for today and generations to come. Thank you for supporting our mission of Making Communities Healthier®.

— Feliciano Jiron, *CEO, VVMC*

In 2018, we...

...added 35 employed and affiliated providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. Last year, we added providers in cardiology, general surgery, oncology, anesthesiology and other specialties.

...made more than \$380,000 in capital improvements

By continually investing in our facilities, we’re helping to ensure that we continue to meet our community’s healthcare needs. Last year’s investments included new ICU beds, a new ICU and cardiac monitoring system and kitchen upgrades.

...distributed a payroll of \$22,504,158 to 274 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated more than \$2.95 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$585,627 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

VVMC hosted a 'Monte Carlo Nights' booth at Taste of Bullhead 2018.

VVMC was proud to host Shop with a First Responder in December 2018.
